

Data Use Terms and Help Section

The **Ministry of Education (MoE)** have adopted The United Arab Emirates Government orientation in the area of transparency and disclosure of data, statistics & reports on education and made it available to their customers. In this regard the MOE allows a lot of Open Data to be available through various formats & programs (csv, xlsx, doc, pdf...), so as to facilitate access to them to help with research and innovation. It is therefore possible to download the files available on this page considering the following conditions:

Terms of Use of Open Data:

1. Users of Open Data are fully responsible for the re-use of data items published on MoE Website.
2. Users must not alter the original Open Data or their source.
3. Users are not permitted to use the data for political purposes, supporting illegal activities, or any other activity that has a negative impact on culture or the traditions of the UAE.
4. Users must attribute MoE as the source of the data.

We offer advanced search to allow our customers to narrow the focus of the search by including details such as:

- Academic Year
- Data Set Name
- Education Type (Public, Private, Higher, Continuous...)
- File Format (CSV, XML, PDF, WORD, XLS)

You can always access the [Live chat](#) and ask our operators if you have any question or need assistance in finding or downloading the data.
