10.2 Federal Entities and Description 158
INTRODUCTION

The Visual Identity Guideline has been developed to set standards for the method of applying the federal emblem and the ministry logos across the Federal Government Entities applications. This is an essential step towards maintaining a unified and consistent federal government image across all entities.

This guideline is an illustrative tool of the visual standards for preparation of all branded materials, the approved color usage, and the approved printing specifications. The guideline is complemented by artwork files that are made available to Federal Government Entities online and upon request.

All Federal Government Entities are advised to comply with the standards specified in this guide and should consistently use the templates provided for all types of materials such as brochures, flyers, leaflets, posters, print ads, Powerpoint presentations, emails, business cards, etc. Production of new templates or alteration of provided designs and artwork files is not allowed without consultation with the Government Communication Office (GCO) of the General Secretariat of the Cabinet at the Ministry of Cabinet Affairs.

Federal Government Entities are advised to share a copy of this guideline with their advertising partners to ensure consistency of their work and outcomes with the approved visual identity for the federal government.

For any inquiries related to the specifications, grids, and examples provided in this guide or any other inquiries concerning the visual identity of the federal government, ministries or authorities can contact the GCO directly or through email: brand@moca.gov.ae.

Government Communication Office
General Secretariat of the Cabinet
Ministry of Cabinet Affairs

REPRESENTING OUR PAST, OUR UNITY AND OUR FUTURE,

THE FEDERAL EMBLEM IS A SYMBOL OF OUR STRENGTH
THE FEDERAL EMBLEM HISTORY

The redesign of the federal emblem came as a reflection of the UAE’s development over the years. The correct and consistent application of the new emblem is vital in emphasizing an image of strength and cohesion across government. The main components of the previous emblem have been retained – reflecting the unchanging vision of the government and the continuity of its objectives. Meanwhile, the new emblem presents a modern, contemporary style, reflecting the UAE’s forward-looking attitude.
1 BRAND MARK

1.1 United Arab Emirates Emblem
1.2 UAE Government Logo
1.3 UAE Federal Ministry Logo
1.4 Office of the Minister Logo
1.5 Federal Ministry Logo – Construction
1.6 Federal Ministry Logo – Space And Sizes
1.7 Office of the Minister Logo – Construction, Space and Sizes
1.8 Color Palette
1.9 Ministry Logo Suite
1.10 Typography – Arabic and English
1.11 Incorrect Usage of Logo
1.1 UNITED ARAB EMIRATES EMBLEM

The federal emblem is the embodiment of strength and cohesion across the government. It is one of the main components of any UAE Federal Ministry logos.

Note: The federal emblem is only to be used by the UAE President and Prime Minister.

United Arab Emirates

Falcon
A symbol of strength, national heritage and supreme agility. The falcon stands in a stance which is watchful, prepared and firmly grounded.

Seven Stars
The seven stars represent the seven Emirates, united around the UAE flag and are linked together as one by an unbreakable ring.
1.2 UAE GOVERNMENT LOGO

The below illustrations are the formats for the UAE Government logo:

Note: The UAE Government logo is to be used only by the General Secretariat of the Cabinet and Prime Minister’s Office.

Primary Logo
This version of the logo in dual language will be used where both Arabic and English are necessary.

Secondary Logo – Horizontal
This version of the logo will appear on many forms of communications.

Secondary Logo – Vertical
This version will mainly be used on forms of applications where space is limited in vertical situations.
1.3 UAE FEDERAL MINISTRY LOGO

The following illustrations are for the Federal Ministry logos. The primary logo is widely used throughout most of the applications due to its dual language.

Secondary logos can be used when needed for specific applications in a single language. In addition, a tertiary logo has been created for a specific usage. The below illustrations are the only permitted versions for a Federal Ministry logo to be used accordingly.

**Primary Logo**
This dual language logo will be used where both Arabic and English are necessary.
E.g. most stationary applications, email signature, signage.

**Secondary Logo – Horizontal**
This version of the logo will appear on many forms of a single language communication. It is always positioned at the top left corner.
E.g. advertising, publications, internal office communications, newsletters, website.

**Secondary Logo – Vertical**
This version of the logo will mainly be used on single-language forms of applications where space is limited and in vertical situations.
E.g. roll-up banners, vertical digital banners, co-branding.

**Tertiary Logo**
This version of the logo is restricted for very specific usage and will appear only on a few communication applications.
E.g. social media profiles, building signage.
1.4 OFFICE OF THE MINISTER LOGO

For the Office of the Minister logo, a third line is added to the Federal Ministry logo. The following illustrations are the versions of the logo required for the Office of the Minister.

Primary Logo
This dual language logo will be used where both Arabic and English are necessary.

Secondary Logo – Horizontal
This version of the logo will mainly appear on single-language forms of communication at the top left corner.

Secondary Logo – Vertical
This version of the logo will mainly be used on single-language forms of applications where space is limited and in vertical situations.
1.5 FEDERAL MINISTRY LOGO – CONSTRUCTION

The Federal Ministry logo consists of several elements with a fixed relationship which has been designed to create a unifying system of identity for all ministries. The below illustrations show construction of the various versions of the Federal Ministry logo, and the relationship between its various elements.

Primary Logo

Secondary Logo – Horizontal
In this horizontal version, the Ministry and Country lines in Arabic and English are always positioned on the right side of the emblem.

Secondary Logo – Vertical
In this vertical version, both the Ministry and Country are centered vertically to the emblem.

Tertiary Logo – Vertical
In this version, only the Ministry line is used.

1. The Federal Emblem
2. Country name in Arabic – AXT Manal
3. Ministry name in Arabic – AXT Manal
4. Country name in English – Cronos Pro
5. Ministry name in English – Cronos Pro
6. The UAE and Ministry lines in Arabic should always be equal to the UAE and Ministry lines in English
1.6 FEDERAL MINISTRY LOGO – SPACE AND SIZES

In order to maintain visual clarity and preserve the integrity of the Ministry logo, please always ensure to maintain a minimum clear space around it. The logo must never appear to be linked to or crowded by copy, photographs or other graphic elements.

When using the Ministry logo in different sizes, please always ensure that the relationship between the logo elements remains fixed and that they are resized proportionally. Please ensure never to reproduce the logo at a size where the Federal emblem is less than the minimum size (1.2cm) as to protect the legibility of the Federal Ministry logo.

Minimum Clear Space

Minimum Logo Size

1.2cm minimum

1.2cm minimum
1.7 OFFICE OF THE MINISTER LOGO – CONSTRUCTION, SPACE AND SIZES

Please always maintain a minimum clear space around the Office of the Minister logo to preserve its integrity. The logo must never appear to be linked to or crowded by copy, photographs or other graphic elements.

The third line, Office of the Minister, is 90% of the total type size.

Minister’s Office Logo Construction

Type size at 100%

Minimum Clear Space

Minimum Logo Size

1.2cm minimum
1.8 COLOR PALETTE

The UAE heritage and flag, which is the heart of the national emblem, has been the inspiration for a unique brand color palette behind the Federal Ministry identity.

The Gold color, representing wealth and richness of the UAE heritage, along with Silver is accompanied by red, green, white and black colors of the UAE flag.

The below illustrations are the approved primary and secondary color palettes for all government branding activities and applications in the various printing and on-screen usage.

**Note:** Please ensure you use the correct format of the Federal Ministry logo as per your print or online usage to maintain the color and brand identity.

### Primary color palette

1.9 MINISTRY LOGO SUITE

The following illustrations are the different suite of versions for the Federal Ministry logo according to its specifications.

Pantone®
This primary version of the Federal Ministry logo is the primary version to be used for most applications and forms of communication.

Pantone® Flat
This version of the Federal Ministry is without the highlight details, and is used in applications where reproducing the gradient could prove to be difficult or impossible. E.g. metals, plastic, embroidery or acrylic reproductions.

Single Color
Single color versions of the logo are restricted in use and are only intended for one color jobs or special applications. E.g. foil stamping, fax forms, stamps, black and white newspaper adverts, blind embossing and debossing.
1.10 TYPOGRAPHY – ARABIC AND ENGLISH

The following illustrations are the official primary and secondary typefaces in Arabic and English for the UAE Government and Federal Ministries including both print and digital usage.

Primary Typeface
AXT Manal is the primary Arabic typeface. Cronos Pro is the primary English typeface. These official typefaces will be mainly used for all body copy in publications and adverts.

Cronos Pro Light
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Cronos Pro Regular
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Cronos Pro Semibold
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Cronos Pro Bold
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Secondary Typeface
Univers Next Arabic has been selected as a secondary Arabic and English typeface, to be used for main headlines on adverts and short messaging on many forms of communication such as adverts and promotional material.

Univers Next Arabic Light
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Univers Next Arabic Regular
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Univers Next Arabic Bold
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Digital Typeface
Arial is the official digital typeface for Arabic and English languages. This will be used for all digital applications including material generated in the office environment as well as e-mail correspondence.
(e.g. Word documents, Excel sheets, Powerpoint presentations, Reports)

Arial Regular
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Arial Bold
ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz ? ! ( ) @ 1234567890

Note: Please always ensure to write numbers in Latin using the English typeface digits.

For any inquiries regarding the typefaces, please contact the GCO directly or through email: brand@moca.gov.ae.

Note: The Univers Next Arabic font comes with both Arabic and Latin character sets.
1.11 INCORRECT USAGE OF LOGO

The below illustrations are some examples of the incorrect usage of the primary and secondary Federal Ministry logo. Please ensure that you strictly avoid altering the logo.

**Do not apply a drop shadow effect on the brand mark**

**Do not extract elements of the logo and use it to create a new mark**

**Do not place the primary ministry logo against a dark or gradient background**

**Do not use the single–language logo with the text positioned on the left of the emblem**

**Do not skew the brand mark**

**Do not lower the opacity of the ministry logo and never use the federal emblem as a background pattern**

**Do not rotate the logo vertically**

**Do not use the logo on photographic images**

**Do not distort the logo**

**Do not crop into the logo and text or display only in part**

**Do not fill the single color version of the ministry logo with a solid color**

**Do not switch the country name with ministry name**

**Do not recolor ministry logos**

**Do not alter the size ratio of the logo with its elements**

**Do not add department names to ministry logos**
2 STATIONERY

- Pantone® Green PMS 348
- Pantone® Black Black C
2.9 BAGS

The below illustrates the template design for a Ministry Bag in two formats. The design will appear on both sides of the bag.

Note: If the Ministry doesn’t have accounts on social media platforms, simply remove the social media icons and account name from the side, leaving the website as it is.

Specifications:
Vertical A4: 25cm x 35cm
Horizontal A3: 45cm x 35cm

Paper:
Fedrigoni, Constellation Snow, EE 33 Raster, 300g

Printing:
Four Pantone® colors one side only
- Pantone® Gold: PMS 8960
- Pantone® Red: PMS 186
- Pantone® Green: PMS 348
- Pantone® Black: Black C
2.10 CD LABELS & COVER

The below illustrates the template design for a CD cover and CD label to be used on official Ministry files and labelled accordingly on the area specified.

**Note:** The CD label can be pre-printed on to the disc or can be applied as a sticker. It should be printed in four Pantone® colors one side only.

**Specifications:**
- Closed size: 13cm x 12.7cm
- Flat size: 36cm x 15.7cm

**Paper:**
Fedrigoni, Constellation Snow, EE 33 Raster, 300g

**Printing:**
- Four Pantone® colors
  - Pantone® Gold: PMS 8960
  - Pantone® Red: PMS 186
  - Pantone® Green: PMS 348
  - Pantone® Black: Black C
2.11 GREETING CARDS

The below illustrates examples of greeting cards to be sent to employees and other government entities during special occasions and celebrations.

Greeting cards can be designed and sent out as electronic greeting cards through email as well.

Note: The below is an example of a Ramadan greeting design. This is a sample only and Ministry can create their own designs. However, please ensure to avoid altering the Ministry logo position at the top.

Paper: Fedrigoni, Constellation Snow, EE 33 Raster, 300g
### 2.12 GIFTS AND MERCHANDISE

Certificate Cover Specifications:
Size: 43cm x 31cm
Material: 300 gsm Gold leaf paper
Printing: Gold foil (matte) with debossing Inside to include beige ribbon on the corners

Certificate Specifications:
A3 - 42cm x 29.7cm
A4 - 29.7cm x 21cm
Material: 300 gsm ice gold paper
Printing: 4 color offset print or digital printing
2.19 SIGNING AGREEMENT

The below illustrates the template design for the Folder design and official documents for Ministry signing agreements.

**Note:** The agreement cover should be printed on the official Ministry Letterhead with the following pages to be printed on the Ministry continuation sheet.

---

**Red Leather Folder Specifications:**
A4 - 22.3cm x 31.3cm
1.5cm spine

**Material:**
Red PU Leather
Inside to include red ribbon on the corners

---

**Emblem:**
0.1cm thick brass falcon emblem with gold plating.
4 color filling and laser cutting.
Fixed on the outer cover of the folder with Arabic orientation.
Gold foiling text.
2.20 PRODUCTION SPECIFICATIONS

**FACTOR** – Stitched

**WOOD** – Etched or embossed

**LEATHER** – Foil on leather

**LEATHER** – Etched or embossed

**METAL** – Etched

**PAPER** – Blind emboss or deboss

**PAPER** – 4–Color offset (CMYK, Pantone®)

**PAPER** – Foil on paper
2.21 PAPER SPECIFICATIONS

All stationery will be printed on Fedrigoni Constellation Snow EE 33 Raster and print collateral will be printed on Mohawk, Navajo Brilliant White. These papers are perfect for all job types and are of exceptional quality.

Fedrigoni, Constellation Snow Raster specifications:
1. Many weights perfect for any print job.
2. Acid free
3. FSC certified
4. Made with E.C.F. pulp
5. Completely biodegradable

Mohawk, Navajo Brilliant white specifications:
1. Many weights perfect for any print job.
2. Acid free
3. FSC certified
4. Carbon neutral with green seal
5. Inxwell surface technology
6. Produced out of recycled material

3 PHOTOGRAPHY

3.1 Photography Principles
3.2 Photography Examples
3.1 PHOTOGRAPHY PRINCIPLES

The following principles should be considered by federal ministries and authorities when choosing or planning a photography shoot for images.

In the initial stages of photography, please always consider the following:
1. Is the photography intended for a federal corporate collateral or targeting customers?
2. What is the message that needs to be communicated? Is photography needed?
3. Does the photography convey this message appropriately and effectively according to the respective entity?
4. Is the chosen image appropriate for the job?
5. Is the subject matter culturally sensitive? Are people wearing respectable clothing and are Emirati wearing the National Dress Code?

Corporate Portrait principles:
1. Photography has to convey authority, trust and strength.
2. Imagery should look authoritative by selecting photography that demonstrates an authoritative action.
3. Photography has to be highly representative of the UAE government, e.g. Reflecting the government values and culture.

Customer Portrait positioning: The below principles help position the relevant government entity.
1. Photography has to convey warmth, diversity, and openness.
2. Subject matter should be a mix of generations and nationalities.
3. Photography has to be representative of the Ministry, e.g. Ministry of Higher Education and Scientific Research.

Note: Customer portrait positioning is mainly for campaign usage. These images are for reference only and not to be used in Ministry adverts. Please ensure that you obtain the copyright for any images either purchased or photographed to be used in the Ministry collaterals.

Step 1 Corporate or Customer
Step 2 Official announcement
   Communicating a service
   Public announcement
Step 3 Is the photography communicating my message?
Step 4 Is the photography appropriate?
Step 5 Is the subject matter appropriate?
3.2 PHOTOGRAPHY EXAMPLES

General photography principles
1. When possible, hire a photographer
2. Avoid the use of stock photography when there is no budget allocated
3. Do not significantly alter the appearance of a photograph. If manipulating an image, only clean dust and blemishes
4. Do not overlay images to create certain effects
5. Never use black and white photography unless it is used for a special application, e.g. brochures, books, to illustrate a specific historic event
6. Avoid busy imagery
7. Use natural light when possible
8. If the use of flash is necessary for indoor shots, please make sure the flash is heavily diffused
9. Only use high-quality images

The rights to the images in this section belong to the Government Communication Office, General Secretariat of The Cabinet, Ministry of Cabinet Affairs.
4 PUBLICATIONS

4.1 Ministry Brochure – Cover
4.2 Ministry Brochure – Spread
4.3 Ministry Leaflet – DL Cover
4.4 Ministry Leaflet – DL Spread
4.5 Book Design – Cover and Spread
4.1 MINISTRY BROCHURE – COVER

A design grid has been created to maintain a consistent visual identity within all ministry brochures and collateral.

The basic grid is based on a page size of A4, divided into an 8 x 10 grid, allowing flexibility for various designs and content layout for both Arabic and English. This A4 brochure can be scaled proportionately to achieve other formats such as A5.

The area above the top margin line is reserved only for the positioning of the ministry logo. The area below this can contain the headings, subheadings, and images.

A margin of 1.2cm is maintained below the ministry logo and text should not be allowed to go above this margin.

Grid:
Vertical: 8 x 10 with 0.4cm gutters within 1.2cm margin.

Layout elements:
1. Ministry Logo - use the secondary horizontal version in the language required and always place it on the top left of the page, positioned 1.2cm from the left edge and 1.2cm from the top edge of the page. Logo size on cover pages should always be consistent, with the emblem size 2.1cm high.
2. Always leave the margin space between the ministry logo and grid.
6. The left margin always extends from the left edge of the page to the start of the ministry name at 3.3cm. This area should not be violated by other elements such as typography. Only the photography and ministry logo may occupy this space. This gives more prominence to the ministry logo structure.
### 4.2 MINISTRY BROCHURE – SPREAD

The illustrations demonstrate the inside layout with text and images of a brochure design, based on an A4 page and the grid structure created.

The grid is flexible and can be adapted to create 2 or 3 columns based on each Ministry brochure requirements.

**Grid:**
Vertical: 8 x 10 with 0.4cm gutters within 1.2cm margin.

**Layout elements:**
2. Headline - Arabic: Univers Next; Arabic, Regular 32pt size/42pt leading.
   English: Univers Next, Regular 32pt size/42pt leading.
   English: Univers Next, Regular 14pt size/16pt leading.
5. Use the grid to align imagery. In this case the photography takes the length of 4 cells.
7. The modular grid is flexible and can be divided into multiple columns. The layout on the bottom left uses 2 cells on the outside for side columns. Copy in side columns relate to information in the main body copy.
4.3 MINISTRY LEAFLET – DL COVER

The illustrations below demonstrate a leaflet design based on a page size of 9.9cm x 21cm (DL size), and follows similar principles to the brochure grid.

Grid:
Vertical: 4 x 10 with 0.2cm gutters within 0.6cm margin.

Layout elements:
1. Ministry Logo - Use the secondary horizontal version in the language required and always place it on the top left of the page, positioned 0.6cm from the left edge and 0.6cm from the top edge of the page. Logo size on cover pages should always be consistent, with the emblem size at 1.55cm high.
2. Always leave the margin space height between the ministry logo and grid.
5. This space can incorporate the images, photographs or text based on each Ministry flyer requirements.
6. The left margin always extends from the left edge of the page to the start of the ministry name at 2.2cm. This area should not be violated by other elements such as typography. Only the photography and ministry logo may occupy this space. This gives more prominence to the ministry logo structure.

Arabic cover with image

Arabic

English cover with image

English

English cover with image

English
The illustrations below demonstrate an inside layout design with the text and images. This grid follows the same structure as for the Brochure cover.

**Grid:**
Vertical: 4 x 10 with 0.2cm gutters within 0.6cm margin.

**Layout elements:**
1. Leave the top area above the grid empty. This is a reminder of the ministry hierarchy.
   Body copy should span the entire length of the modular grid for this small format but type can also span any amount of cells.
5. Imagery can span to the edge of the page.
4.5 BOOK DESIGN – COVER AND SPREAD

The illustrations below demonstrate the cover and layout for a book design, based on a page size of 23 x 31.7 cm (slightly bigger than an A4).

The book size and design can vary according to each Ministry requirement. Please ensure to maintain the grid structure created.

Grid:
Vertical: 8 x 10 with 0.4 cm gutters within a 1.2 cm margin.

Layout elements:
1. Cover
2. Ministry Logo - Use the secondary horizontal version in the language required and place it always on the top left of the page, positioned 1.2 cm from the left edge and 1.2 cm from the top edge of the page. The emblem size of the logo should be 2.2 cm high.
3. Always leave the margin space height between the ministry logo and grid.
   English: Univers Next, Bold 32 pt size/40 pt leading.
   English: Cronos Pro, Regular 14 pt.
7. This area should not be violated by typography. Only the photography and ministry logo should occupy this space.
8. Inside
   English: Cronos Pro, Regular 9 pt.
    English: Univers Next, Regular 32 pt size/38 pt leading.
    English: Univers Next, Regular 14 pt size/16 pt leading.
    English: Cronos Pro, Regular 10 pt size/12 pt leading.
13. Use the grid to align imagery in large areas of the layout.
    English: Cronos Pro, Regular 8 pt size/11 pt leading. Light Gray.
5 ADVERTISING AND CO–BRANDING

5.1 Advertising Principles
5.2 Advertising Anatomy – Arabic
5.3 Advertising Anatomy – English
5.4 Print Advertising – A4
5.5 Print Advertising – Newspaper Full Page
5.6 Co-Branding Introduction
5.7 Co-Branding Elements
5.8 Ministry with Supporting Ministries
5.9 Ministry with an Authority
5.10 Ministry with Multiple Authorities
5.11 Ministry with Supporting Ministries and Authorities
5.12 Federal Government with Local Government
5.13 Federal Government with Local Government and International Organization
5.14 Ministry with International Organization
5.15 Federal Government or Ministry with a Program
5.16 Text-Only Advert
5.1 ADVERTISING PRINCIPLES

Advertising activities are undertaken for a wide and diverse range of purposes. The following standards and principles should be observed by all Ministries when planning, developing and managing advertising activities.

General Principles
1. Accuracy in the presentation of all facts, statistics, comparisons and other arguments, and ensuring that all statements and claims included in the advertisements have sufficient proof.
2. Advertising in an objective, fair and accessible manner.
3. Sensitivity to cultural needs and issues when communicating with people from diverse ethnic or religious backgrounds.
4. The maintenance of the highest standards of decency and good taste in the portrayal of gender and sexuality.
5. Awareness of the communication requirements for people with a disability.
6. Production and dissemination of communications through the most appropriate and environmentally responsible means taking into consideration the size and location of the target audience.
7. Providing the audience with convenient means of contacting the Ministries so that complaints, questions, comments or requests for further information may be dealt with promptly.

Recruitment advertising
This refers to all advertising that promotes specific job vacancies within the entity.

Public Awareness Advertising
As appropriate, Ministries may determine a need to undertake a series of coordinated communications to raise awareness of key issues or encourage behaviour change and participation. Key areas for government advertising activities include:

1. Safety and public health
2. Environment, water and energy
3. Promotion of government services and products
4. Tourism
5. Awareness of government initiatives and programs
6. Supporting sponsorship and events promotions

Note: Avoid advertisements for congratulations and condolences, unless clearly directed to do so by the UAE cabinet.

Public Notices
This refers to the advertisements that contain a clear, simple message or announcement and are generally one-off or short-term in nature. Examples include:

1. Advertisements that outline business opportunities with government.
2. Notices on public transport timetables and road closures.
3. Announcements of permanent or temporary changes to government services.
4. Advertisements on the availability of government funds, grants and awards programs.
5. Details about community consultations, public hearings, investigations, seminars, workshops and other government events.
6. Statutory/regulatory notices: some entities are required by a legislation or regulation to publicly disclose certain information about their activities (e.g. legislative changes, environmental assessment or development notices). The information to be included in the advertisements as well as the publications to be used may also be determined by the relevant legislation or regulation.
7. Urgent public health or safety announcements.
5.2 ADVERTISING ANATOMY – ARABIC

The following diagrams demonstrate the general anatomy of advertising.

**Page Size:**
- Vertical: Full-page or quarter-page
- Horizontal: Double-spread or half-page

**Grid:**
- Vertical: 8 x 10 with 0.4cm gutters
- Horizontal: 10 x 8 with 0.4cm gutters

Further details on grids will be explained in the following pages.

**Layout elements:**
1. Ministry logo.
2. General content area (Photography, quotes, short messaging, graphics) This area can be scaled to just above the social media icons.
3. Headline area. This is flexible and can move across the grid.
4. Body copy / content area.
5. Social media icons and account name.
6. Website URL for relevant ministry.

---

**Social Media & Website**

Social Media icons and website address placed always on the bottom left of page (for Arabic & English adverts)
5.3 ADVERTISING ANATOMY – ENGLISH

The following diagrams demonstrate the general anatomy of advertising.

Page Size:
Vertical: Full-page or quarter-page
Horizontal: Double-spread or half-page

Grid:
Vertical: 8 x 10 with 0.4cm gutters
Horizontal: 10 x 8 with 0.4cm gutters

Further details on grids will be explained in the following pages.

Layout elements:
1. Ministry logo.
2. General content area (Photography, quote, short messaging, graphics) This area can be scaled to just above the social media icons.
3. Headline area. This is flexible and can move across the grid.
4. Body copy / content area.
5. Social media icons and account name.
6. Website URL for relevant ministry.

Social Media & Website icons and website address placed always on the bottom left of page (for Arabic & English adverts)
5.4 PRINT ADVERTISING – A4

The print advertisement is based on a page size of A4. The grid exists as a guideline template to control specific core elements such as the ministry logo placement and supporting text, while at the same time providing flexibility of design in combining text with images in the advert content in various ways within the allocated area, according to the needs of each marketing communication.

For different advertising formats, proportionally enlarge or reduce the grid, ensuring to maintain a margin area of 1.2cm.

Grid:
Vertical: 8 x 10 with 0.4cm gutters
Horizontal: 10 x 8 with 0.4cm gutters

Layout areas:
1. Advertising Masthead Area
1a. For adverts, the ministry or government logo will always be positioned in the top left hand corner. Always use the secondary horizontal version (single-language) of the logo.

2. General Content Area
2a. This area is mainly for photography. Photography can be sized based on the content in the Body Copy area and should start 1.2cm from the base of the federal emblem.
2b. Short messaging can go in this general area.

3. Titles and quotes
3a. Titles and quotes may be placed on the grid on top of photography. Use the grid for alignment.
3b. Titles may vary in size. This is mainly dependant on the amount of words. For greater impact, set titles in a larger point size.
3c. Any point size from here on is just a suggestion.

4. Body Copy area
4a. This area is for subheadlines and body copy. Body copy should always align to the margin.
4b. Use the grid to divide the copy into multiple columns when necessary.

5. Footer
5a. Social media handles and website appear at the bottom left area of all advertising layouts.
5.5 PRINT ADVERTISING – NEWSPAPER FULL PAGE

The following below demonstrates an advert in the Al Bayan full page newspaper format which consists of 30cm x 53cm.

For different advertising formats, proportionally enlarge or reduce the grid, ensuring to maintain a margin area of 1.2cm.

@MOEUAE
www.economy.gov.ae
5.6 CO-BRANDING INTRODUCTION

The following diagrams demonstrate various types of co-branding scenario layouts. The advertising template has been created to instruct the placement of core elements including the different co-branding layouts for the UAE government and ministries with entities, as illustrated.

UAE government and ministry logo
Always use the secondary horizontal logo version.

Co-branding scenarios:
1. A ministry with supporting ministries shown as text
2. A ministry with an authority
3. Ministry with multiple authorities
4. Ministry with supporting ministries and authorities utilising the header and the footer of the layout

Note: Additional scenarios are demonstrated on the next page.
5. Federal government with local government

6. Federal government with local government and international organization

7. Ministry with international organization

8. Federal government or ministry with a program

Note: The following pages demonstrate the entire range of scenarios.
5.7 CO-BRANDING ELEMENTS

The following diagrams demonstrate the different elements within co-branded advertising. Due to the different co-branding scenarios, further instruction on particular elements is demonstrated below.

**Supporting Ministries**

For any supporting ministry, only the ministry name without the federal emblem is used in the advert. The ministry name should be the same typography as per its logo. This is supported by a descriptor (aligned as per the diagram shown) to indicate the type of co-branding support.

**Supporting Authorities**

For a supporting authority, the authority logo is placed on the right of the advert with a supporting descriptor (aligned as per the diagram shown) to indicate the type of co-branding support. The supporting authority logo is centered vertically to the height of the federal emblem. For multiple authorities, the different authority logos are placed and aligned at the bottom of the advert all in equal size.

**Social media and government URLs**

All elements relating to social media and government URLs appear in gold. The diagram shown here demonstrates the structure.

**Supporting Descriptors**

The following list shows the official descriptors that be used across various communications according to the type of support provided for that entity.
5.8 MINISTRY WITH SUPPORTING MINISTRIES

The following advert below demonstrates when one ministry is leading a project with support of other ministries. The leading ministry logo will be placed on the top left, while the supporting ministry name only will be displayed on the right.

Divide the supporting ministry names into two columns for multiple ministries scenarios, and ensure not to exceed more than 4 lines per column.
5.9 MINISTRY WITH AN AUTHORITY

The following below demonstrates a ministry advert with a supporting authority.

The supporting authority will be supported with a descriptor. Always ensure the logo does not invade into the general content area.

1. Logo - always use the secondary horizontal logo version (single-language as per the advert.)
2. The supporting authority descriptor aligns to the base of the first line of the ministry logo.
3. Authority logos are vertically centered to the federal emblem.
5.10 MINISTRY WITH MULTIPLE AUTHORITIES

The following below demonstrates a single ministry advert with multiple authorities. Multiple supporting authorities need to be aligned and given equal weights to each other.

If sponsorship is categorized into different levels, ensure to organise the logos in the required hierarchy, and if needed stacked into multiple rows.

1. Logo - always use the secondary horizontal logo version (single-language as per the advert)
5. Supporting authority descriptor.
6. Multiple authority logos align to the base of the layout within the margin with a 0.6cm space in between authority logos.
5.11 MINISTRY WITH SUPPORTING MINISTRIES AND AUTHORITIES

The following below demonstrates a ministry advert with supporting ministries as well as supporting authorities. The leading ministry logo appears at the top left while supporting ministries names are placed at the top right, along with the supporting authorities placed at the bottom right.

Divide the supporting ministry names into two columns for multiple ministries scenarios, ensuring not to exceed more than 4 lines per column.

**Note:** For Arabic adverts supporting authority logos appear to the bottom right.

---

1. Logo - always use the secondary horizontal logo version (single-language as per the advert).
2. The supporting ministries descriptor aligns to the base of the first line of the ministry logo.
7. Multiple authority logos align to the base of the layout within the margin with a 0.6cm space in between authority logos.
5.13 FEDERAL GOVERNMENT WITH LOCAL GOVERNMENT

The following below demonstrates an advert with a federal government entity and a local government entity.

The local government will be supported with a descriptor. Always ensure the logo does not invade into the general content area.

1. Logo - always use the secondary horizontal logo version (single-language as per the advert)
2. The supporting government descriptor aligns to the base of the first line of the government logo.
3. Local government logos are vertically centered to the federal emblem.
5. Subtitles - Arabic: AXT Manal Regular, 22pt; English: Cronos Pro Semibold 16pt
6. Body Copy - Arabic: AXT Manal Regular 16pt/18pt; English: Cronos Pro Regular 10pt/16pt
7. Social Media - Government account name & website: Cronos Pro Regular 11pt/12pt
5.13 FEDERAL GOVERNMENT WITH LOCAL GOVERNMENT AND INTERNATIONAL ORGANIZATION

The following below demonstrates an advert with a federal government entity alongside a local government entity and an international organization.

The local government and international organization will be supported with a descriptor. Always ensure the logo does not invade into the general content area.

**Note:** Always adhere to the minimum size and clear space of the supporting entity logos and ensure visual balance within the masthead and layout areas.

Whenever possible, use the horizontal lockup of the supporting entity logos.

---

1. Logo - always use the secondary horizontal logo version (single-language as per the advert)
2. The supporting descriptor aligns to the base of the first line of the government logo.
3. Local government and international organization logos are vertically centered to the federal emblem.
5.14 MINISTRY WITH INTERNATIONAL ORGANIZATION

The following below demonstrates an advert with a federal government entity and an international organization.

The international organization will be supported with a descriptor. Always ensure the logo does not invade into the general content area.

Note: Always adhere to the minimum size and clear space of the supporting entity logos and ensure visual balance within the masthead and layout areas.

Whenever possible, use the horizontal lockup of the supporting entity logos.

1. Logo - always use the secondary horizontal logo version (single-language as per the advert.)
2. The supporting organization descriptor aligns to the base of the first line of the ministry logo.
3. International organization logos are vertically centered to the federal emblem.
5.15 FEDERAL GOVERNMENT OR MINISTRY WITH A PROGRAM

The following below demonstrates an advert with a federal government entity and a government program. This layout also applies when a ministry is the leading entity.

The program will be supported with a descriptor. Always ensure the logo does not invade into the general content area.

1. Logo - always use the secondary horizontal logo version (single-language as per the advert)
2. The supporting descriptor aligns to the base of the first line of the government or ministry logo.
3. Program logos are vertically centered to the federal emblem.
5. Subtitles - Arabic: AXT Manal Regular, 22pt; English: Cronos Pro Sembold 16pt
6. Body Copy - Arabic: AXT Manal Regular 16pt/18pt; English: Cronos Pro Regular 10pt/16pt
7. Social Media - Government or ministry account name & website: Cronos Pro Regular 11pt/12pt
5.16 TEXT ONLY ADVENTS

The following below demonstrates a single ministry advert when uses type only. Use the grid to organize information appropriately on the page. The grid is flexible and content can be divided into multiple columns.

Text only - Layout 1
In text-only layouts the typography may align to the edge of the ministry logo type. The grid remains in the same place regardless of the fact that there is no imagery.

Text only - Layout 2 - Job Advert
This layout demonstrates a text only job advert. A chart has been designed using the main grid to organize the appropriate information. Notice how the chart extends to the margins as photography would.

Text only - Layout 3 - Tendering Announcement
For black and white adverts, the minimum advert size allowed is quarter-page (shown below).

Note: For black & white advertising pages, always use the single color outline black and white version of the ministry logo, and do not include any imagery.
SECTION A  FEDERAL MINISTRIES

6  DIGITAL

6.1 E-mail Signatures
6.2 E-Newsletters
6.3 Website
6.4 Powerpoint Template
6.5 Desktop Wallpaper and Projector Display
6.6 Digital Banners
6.7 Social Media
6.8 Mobile App
6.1 E-MAIL SIGNATURES

The below are illustrations of how an email signature should appear within the email body.
Consistently using your email signature will visually convey the ministry’s standards in online communications, enhancing the reach and impact of your message.

**Layout elements:**

1. Email body copy - should always be in black, Arabic: Arial Regular 14pt/English: Arial Regular 12pt.
2. Ministry logo - should always use primary version and right justified as shown.
3. Name and designation - Arabic: Arial Bold 12pt. English: Arial Bold 10pt. Arabic can be in RGB Gold and English can be in RGB Black.
5. PO BOX - Arabic: Arial Bold, 12pt. English: Arial Bold 10pt. Numbers: Arial Regular 10pt. Contact detail titles in both Arabic and English are in RGB Gold, while digits are always in Black.
8. Arabic disclaimer - Arial Regular 10pt. E-mail address in English: Arial Regular 8pt. E-mail address will always be in English. Disclaimers can be in light Gray with important information highlighted in Red.
9. English disclaimer - Arial Regular 8pt. Disclaimers can be in light Gray with important information highlighted in Red.
10. A banner may be included below the email signature for a temporary time only in specific occasions and initiatives.

**Note:** Email Signature - can be added as a JPG format, which can not be edited.
The below illustrations are an example of an electronic newsletter. Information is presented within a uniform layout, with the use of images and highlighted paragraphs to create a visual newsletter layout.
6.3 WEBSITE

The ministry’s website is an important feature and an essential channel of communication for all ministry activities.

The below illustrations show an example of a homepage design incorporating core elements and brand identity.

Note: The below design is simply a reference in terms of layout and elements to include on the homepage. Each Ministry’s website should cater to its requirements in terms of the content displayed.

Layout elements:
1. Ministry Secondary Logo (Horizontal version) - the Arabic logo to be used for the Arabic version of the website, and the English logo for the English version of the website, placed always on the top left corner.
2. Search Bar.
3. Menu Bar.
4. Social Media icons - linked to the Ministry’s existing social media platforms when clicked.
5. Main Highlights slideshow - alternating slides displaying recent Ministry campaigns, latest news, adverts etc. with caption below describing briefly.
8. Media Corner: to display and link the latest Youtube video, Instagram photo or Tweets from the Ministry’s social media channel.
9. Footer: to include the sitemap link, terms & conditions and copyright text.
6.4 POWERPOINT TEMPLATE

The illustrations below demonstrate the use of Powerpoint presentations. Presentations are highly visual and informative means of communication, therefore always ensure you maintain the ministry identity template and that the information displayed is correct.

Note: Please avoid using low-quality images or inappropriate photos. Instead use infographics as a means to explain your points in an interesting way. Try not to place too many words in a single slide, please always keep it simple and use bullet points wherever necessary.
6.5 DESKTOP WALLPAPER AND PROJECTOR DISPLAY

The below illustration is the digital wallpaper to be used in ministry’s computers as the desktop background in addition to the projector displays.
6.6 DIGITAL BANNERS

Web banners are an effective tool to raise awareness of the ministry’s events and activities. Please make sure to display the ministry logo in a visible way according to the size of the banner dimensions. Always include a call to action or “button” to ensure users know there is more information for the user to engage with.
6.7 SOCIAL MEDIA

Social networks are effective ways to communicate with our audience. On these platforms, we can engage users with useful real-time information. Be sure to use the approved logo formats for the displays and high quality appropriate images for posting.

Social media posts should be bilingual, with Arabic text before English text.

Social Media Icon Display
The tertiary logo is used as the profile display for ministry’s social networks. Please ensure to follow the below specifications for the ministry logo space and size according to the profile image dimension.
Instagram
The profile image for the ministry’s Instagram page will utilize the federal emblem only due to the size restrictions that are mainly noticeable on the mobile App.

For official photos from the ministry, a watermark should be placed and positioned at the bottom of the image in the center. The watermark should be the ministry account name in English and the ministry name in Arabic if possible.

(E.g UAE MOFA | وزارة الخارجية)

Always try to crop the photos to a square format for Instagram.

Brandmark – White
For photos with dark-colored images, use the white watermark and center it at the bottom of the photo.

In the case of rectangle photos, make sure that it is centered with equal white space above and below the image within the Instagram square format. The watermark in this case will be placed on the bottom border of the photo.

Brandmark – Gold
For photos with light-colored images, use the gold watermark and center it at the bottom of the photo.
6.8 MOBILE APP

The below illustrations are examples of a ministry’s mobile application that can be downloaded from an App store.  

**Note:** This is the only time when the federal emblem will be used on its own to represent the ministry due to the limited and small space.

7.6 Floor Department & Room Signage
7.1 EXTERNAL BUILDING BRANDING

For outdoor applications, the Primary logo is used to brand the ministry building as external signage. The below illustration is an example to identify ministry buildings, by placing the logo on the external facade of building.

In order to increase the legibility of the ministry name when used on external building facades, two variations of proportional size and position have been developed.

The production specification details can be found below. All dimensions shown are in centimetres (cm).

**Placement**

External ministry building facade
To be placed central above the main entrance
To be suitably fixed directly to the wall surface

**Ministry’s Logo**

Size dependent on location
Emblem size: 60cm H x 387cm W
Text height: 7cm

**Production Specifications**

1. Emblem: Cast metal logo with painted finish to match Pantone® brand logo colors.
2. Country and Ministry: Individual laser cut letters. 1cm metal with a stainless steel finish to match the Pantone® Gold brand color.

**Illumination**

Flood lit

---

**Note:** The below show the minimum size and will probably be modified as per each ministry’s building facade. Please ensure to maintain the proportions of the ministry logo.

When two ministries share the same building, please ensure the ministry logo is similar in size and production to each other so they reflect they are within the same government entity.

Please follow the below:

1. Do not divide the logo on the different facades.
2. Do not put the website URL on external facade.
3. Ministry’s logo will always be placed on the main central entrance on the highest facade.

**Primary Layout**

This layout for building signage will primarily be used on large ministry buildings external facade. The signage should be installed high up and fit to the space to ensure maximum visibility.

**Secondary Layout**

This layout for building signage will only be used when the gold lettering won’t be visible on the external facade.

---

**Building facade**

United Arab Emirates Ministry of Foreign Affairs

United Arab Emirates Ministry of Foreign Affairs
7.2 RECEPTION DESK BRANDING

The ministry logo should be used in the entrance and reception areas of building and offices to establish a professional environment and a memorable customer experience.

The below illustrates the ministry logo signage to be used in the lobby entrance and reception area of a ministry building/office or in the customer service reception area.

**Note:** The reception size of a ministry will determine the logo dimensions and will need to be modified as per each ministry. However, please ensure to maintain the proportions of the ministry logo and avoid scaling the logo beyond the minimum illustrated below.

Please ensure the logo signage to be centered in the middle on the wall above the desk, to be visible to the eye, and not to be placed on the reception desk.

**Placement**
Reception or Customer Service Area
To be suitably fixed directly to the wall surface

**Logo signage**
Emblem size: 40cm H x 254cm W
Text height: 5cm
Size to be dependant on each Ministry site location

**Production Specifications**
1. Emblem: Cast metal logo with painted finish to match Pantone® brand logo colors.
2. Country and Ministry: Individual laser cut letters, 1cm metal with a stainless steel finish to match the Pantone® Gold brand color.

**Illumination**
Spot lit from ceiling
7.3 ENTRANCE BRANDING

The below illustration is the example for single-level ministry’s signage that does not have space to place their logo’s on the external facade of the building.

The logo signage should be placed at the entrance on a wall opposite to the lift in order to clearly identify the ministry as soon as you enter the office.

**Placement**
Lift lobby
Mounted on clear wall opposite to the lifts (for single-level Ministries only)

**Logo signage**
Emblem size: 40cm H x 254cm W
Text height: 5cm
Size to be dependant on each Ministry site location

**Production Specifications**
1. Emblem: Cast metal logo with painted finish to match Pantone® brand logo colors.

**Illumination**
Spot lit from ceiling
7.4 INTERNAL BUILDING SIGNAGE

The below illustrations are the collection of internal signages recommended for large Ministry buildings with multiple levels and departments, as well as for single-level Ministries.

Notes on Building Signage: Diagrams shown in this entire section are not to scale. Please do not scale directly off the guidelines. All dimensions shown are in centimetres (cm)

This is a flexible system to be adapted to suit each situation.

Ministry Buildings

Single-Level Ministry
7.5 INTERNAL DIRECTORY STAND

Ministry buildings with multiple levels should have a building directory to identify various departments/offices on each level. These stands should preferably be placed on each level beside the lift to assist customers in wayfinding within the Ministry.

The below illustrations is a free-standing building directory with the product specifications and measurements specified below.

**Placement**
Entrance or Lift Lobby (per level), Free-Standing

**Design**

Ministry logo size: 8cm H x 53cm W

Directory text height: 3.7cm (Arabic: AXT Manal Bold, 247pt / English: Cronos Pro Bold, 142.5 pt)

Floor text height: 2cm (Arabic: AXT Manal Bold, 141pt / English: Cronos Pro Semibold, 89 pt)

Department text height: 1.7cm (Arabic: AXT Manal Regular, 112pt / English: Cronos Pro Regular, 76.3 pt)

**Production Specifications**
1. Ministry Emblem: Printed vinyl on 0.5cm clear acrylic to match the brand Pantone® color.
2. Ministry text: Gold 3M vinyl to match brand color.
3. 3M vinyl to match brand color.
4. 0.5cm shadow gap detail to front.
5. White corian material.

---

7.6 FLOOR DEPARTMENT & ROOM SIGNAGE

All ministries should have proper signages in specific areas to direct customers to different departments and offices.

The following illustrations identify various floor and department signages to be implemented in all ministry’s offices.

**Floor Directional Signage**

Corridor/Multiple directional turnings  
Wall mounted

**Content**  
Ministry Logo size: 5cm H x 32.5cm  
Floor directional text height: 2cm (Arabic: AXT Manal Bold, 141pt  
/ English: Cronos Pro Semibold, 89 pt)  
Department text height: 1.7cm (Arabic: AXT Manal Regular, 112pt  
/ English: Cronos Pro Regular, 76.3 pt)

**Production Specifications**  
1. Ministry Emblem: Printed vinyl on 0.5cm clear acrylic to match the brand Pantone® color.  
   Ministry text: Gold 3M vinyl to match brand color  
2. 3M vinyl to match brand color.  
3. 0.5cm shadow gap detail to front.  
4. White corian material.

**Illumination**  
Spot-lit from ceiling

**Department/Office Signage**

Department/floor identification signage and WC identification  
Wall mounted

**Content**  
Ministry Logo size: 5cm H x 32.5cm  
Department text height: 2cm (Arabic: AXT Manal Bold, 141pt  
/ English: Cronos Pro Semibold, 89 pt)  
Floor icon descriptor text height: 1.25cm (Arabic: AXT Manal Regular, 93.2pt  
/ English: Cronos Pro Regular, 58.8 pt)

**Production Specifications**  
1. Ministry Emblem: Printed vinyl on 0.5cm clear acrylic to match the brand Pantone® color.  
   Ministry text: Gold 3M vinyl to match brand color.  
2. 0.5cm shadow gap detail to front.  
3. 3M vinyl to match brand color.  
4. White corian material.

**Illumination**  
Spot-lit from ceiling

**Note:** For single-level ministries, the floor identification signage won’t have a floor reference, but only the different departments.
7.7 CONSTRUCTION SITE SIGN

To communicate information about a construction project, a site sign with all relevant information should be used. Note that the ministry logo must strictly be used on the sign and not on the hoarding surrounding the site.

Note: Please refer to the approved construction drawings for all specifications.

Placement
Construction sites, free-standing structure

Design
Ministry logo size: 66cm H x 400cm W, text height: 10cm
(Arabic: AXT Manal Bold / English: Cronos Pro Bold)
Main text height: 12.5cm
(Arabic: AXT Manal Bold / English: Cronos Pro Semibold)
Project / Contract No text height: 7.5cm

Production Specifications
1. Logo and lettering: sprayed on powder-coated base or using external-grade vinyl
2. Aluminium plates
3. 341cm x 192cm render image slot.
4. 341cm x 55cm Consultant logos slot.
5. 341cm x 55cm Contractor logos slot.
6. Aluminium tube structure.
8 MEDIA BRIEFING BRANDING

8.1 Podium and Backdrop Design
8.2 Media Briefing Plan Layout
8.3 Event Collaterals
8.4 Roll-up Banners
8.1 PODIUM AND BACKDROP DESIGN

For media briefing, the below elements are required in terms of branding on the stage during the event.

Podium Design
This is to be used during media briefing events. Always use the Primary Ministry logo with the dual language, and ensure to maintain the minimum space around it.

Podium Design

Backdrop Design
The backdrop for media briefing and press conferences can consist of 2 designs for different purposes.

For a media briefing on stage, use the official primary singular Minister logo on the backdrop.

For a general backdrop design to be used at the entry of an event or for interview/photo opportunity purposes, use the Ministry logo repeated option. This instance represents the only time when the Ministry logo as pattern-repeat is allowed.
The following illustrated below is an example of a media briefing against a backdrop design and a podium for the speaker, along with the flag position.
8.2 MEDIA BRIEFING PLAN LAYOUT

The following diagram indicates the general areas and arrangement of an event plan and illustrates the general layout of a room where a media briefing is held.
8.3 EVENT COLLATERALS

The following are a set of applications to use in events. A press kit has been conceptualized for such events that utilize the Federal Ministries look and feel.

Production specification:

1. ID pass: Gold or silver ribbon on white resin with Ministry website
2. Paper folder: Card
3. Note book: Hard cover with Pantone® gold logo
4. Pencil: Ministry name only
5. Pen: Light colored surface with Ministry name
6. Notepad: Tear off pages in light grey
7. Leather folder: Ministry in gold foil on white/ beige leather or Card. Event name and date is optional on the cover
8. USB: Ministry name
8.4 ROLL-UP BANNERS

The below illustrations are different layout designs for designing roll-up banners.

Note:
1. Use Univers Next Arabic for title and Cronos Pro Regular for body copy.
2. Keep text to a minimum.
3. Bullet points can be used as well.
9 UNIFORMS & VEHICLES

9.1 Uniforms
9.2 Vehicles
9.1 UNIFORMS

The below illustration is an example of uniforms and name badges to be used in any ministry working environment.

Note: Employees are encouraged to wear respectable and conservative dress code at all times. Emiratis shall abide by wearing the national dress at official occasions. Women are encouraged not to overdress with accessories and make-up.

Name Badge

Office Girl

Office Boy

Note: Employees are encouraged to wear respectable and conservative dress code at all times. Emiratis shall abide by wearing the national dress at official occasions. Women are encouraged not to overdress with accessories and make-up.

Name Badge

Office Girl

Office Boy

Note: Employees are encouraged to wear respectable and conservative dress code at all times. Emiratis shall abide by wearing the national dress at official occasions. Women are encouraged not to overdress with accessories and make-up.
9.2 VEHICLES

The ministry logo should not be applied on any types of vehicles belonging to the entity.

1 INTRODUCTION

1.1 Federal Authority Logo Structure
1.2 Clear Space
1.3 Federal Authority Endorsement Line
1.1 FEDERAL AUTHORITY LOGO STRUCTURE

The Federal Authority logo must fit into the box shown below. There are no restrictions on the design elements of your brand signature as long as it fits within the dimensions of the box.

The Federal Authority logo artwork must always be available as full-color and single-color versions. The relationship between the Federal Authority logo and the Federal Emblem should never be altered in any way and should only be used as shown in these guidelines.

**Primary Logo**
This version of the logo in dual language will be used where both Arabic and English are necessary.

UAE Federal Authority logos must adhere to the following criteria:
1. Logo
2. Arabic word mark
3. Latin word mark

In addition, the Federal Emblem is always present when using any UAE Federal Authority logos.

The relationship between any Federal Authority logos and the Federal Emblem is as follows:
4. The Federal Emblem will retain the same height of your primary Federal Authority logo, and align to the right margin of any layout.
5. The distance between the Federal Authority logo and the Federal Emblem is determined by the format. The Federal Authority logo must always be aligned to the extreme right margin of any given layout, whereas the Federal Emblem must always be aligned to the extreme left margin of any given layout.
6. The **minimum distance**, however, should always be at least \( X \), where \( X \) is defined as the proportional height and width of the icon within the Federal Authority logo.
1.2 CLEAR SPACE

To ensure prominence and legibility, brand signature must always be surrounded by an area of clear space which remains free of other elements such as type and imagery. The minimum area of clear space is defined by the box containing the brand signature. The box itself does not print. This area is the minimum and should be increased wherever possible. The method of construction is also shown and is calculated based on the width of the logo.
1.3 FEDERAL AUTHORITY ENDORSEMENT LINE

The Federal Authority Descriptor (or Endorsement Line) should always be present across all Federal Authority collaterals. There are three scenarios in which the Endorsement Line can be locked up.

**Endorsement Line lockup scenarios:**

1. **Headlining contact information**
   - This is the primary lockup method and should be used whenever contact information is available. The Endorsement Line retains the same point size, leading, and alignment as the contact information on any given application, but is set in bold.

2. **Above brand elements or colors**
   - In the case where contact information is not available, the Endorsement Line is centrally aligned directly above any brand elements or colors. A minimum clear space from all brand elements or colors is required to retain prominence of the Endorsement Line.

3. **Headlining social media information**
   - In the case where contact information is not available or there is insufficient space for the Endorsement Line to be placed above brand elements, the Endorsement Line is locked up to the social media block as shown on the right. The Endorsement Line retains the same point size, leading, and alignment as the website on any given application, but is set in bold.

4. **If no contact information, brand elements or social media information is present**, the Endorsement Line should sit on the bottom margin, centered to the format.

**Note:** The Federal Authority Endorsement Line will always appear in the Federal CMYK Gold: C17 M38 Y83 K22, whereas the social media icon set should appear in Federal Authority brand colors.
2 STATIONERY

2.1 Business Cards
2.2 Letterheads
2.3 Continuation Sheet
2.4 Compliment Slip
2.5 Envelopes
2.6 Report Covers
2.7 Folders
2.8 Notepads
2.9 Bags
2.10 CD and Cover
2.11 Employee Card and Name Badge
2.12 Branded Items
2.13 Certificate and Cover
2.14 Paper Specifications
2.1 BUSINESS CARDS

Each business card is constructed as shown below.

Business cards must be printed at the specified size on high quality stock. The minimum paper weight is 250gsm, and we recommend Fedrigoni, Constellation Snow, EE 33 Raster, 300g where possible.

Specifications:
Trim size: 9cm x 5.5cm
Paper:
Fedrigoni, Constellation Snow, EE 33 Raster, 300g

Printing:
Front - Pantone® Colors, Back - 1 Pantone Color
Pantone® Gold PMS 8960 for Endorsement Line
Use Authority’s assigned Pantone® colors
2.2 LETTERHEADS

The letterhead is an essential part of your brand’s stationery suite and is constructed as shown below.

**Printing:**
- Pantone® colors on one side
- Pantone® Gold PMS 8960 for Endorsement Line
- Use Authority’s assigned Pantone® colors

**Specifications:**
- A4: 21.0 x 29.7cm

**Paper:**
- Fedrigoni, Constellation Snow, EE 33 Raster, 130g
2.3 CONTINUATION SHEET

The continuation sheet is constructed as shown below.

Printing:
Pantone® colors on one side
Use Authority’s assigned Pantone® colors

Specifications:
A4: 21.0 x 29.7cm

Paper:
Fedrigoni, Constellation Snow, EE 33 Raster, 130g
2.4 COMPLIMENT SLIP

The below illustrates the template design for a compliment slip.

The Federal Authority’s brand elements or color are placed on the back of the compliment slip.

Note: On darker Federal Authority colors, please make sure the address line and Endorsement Line are reversed out to white to ensure legibility. On lighter colors, the address line and Endorsement Line must remain in Pantone® Gold.

Specifications:

**Trim size:** 21cm x 10cm

**Paper:**
Fedrigoni, Constellation Snow, EE 33 Raster, 240g

**Printing:**
Pantone® Colors one side only
Brand elements are printed in Authority’s assigned Pantone® colors

Pantone® Gold PMS 8960 for Endorsement Line
Use Authority’s assigned Pantone® colors
2.5 ENVELOPES

The envelope is constructed as shown below. Artwork files are supplied with these guidelines so please refrain from recreating the artwork unless absolutely necessary.

**Horizontal Envelopes**

**Specifications Horizontal:**
- DL: 22cm x 11cm
- A5: 22.9cm x 16.2cm
- A4: 32.4cm x 22.9cm
- A3: 45.8cm x 32.4cm

**Vertical Envelopes**

**Specifications Vertical:**
- A5: 16.2cm x 22.9cm
- A4: 22.9cm x 32.4cm
- A3: 32.4cm x 45.8cm

**Printing:**
- Pantone® Colors one side only
- Pantone® Gold PMS 8960 for Endorsement Line
  Use Authority’s assigned Pantone® colors

**Paper:**
Fedrigoni, Constellation Snow, EE 33 Raster, 200g

---

**Note:**
1. For specific confidential envelopes, make sure to print the envelopes with the text ‘Strictly Confidential’ at the bottom of the envelope when required.
2. Non-tearable papers can be used or the inside of the envelope can be printed in the specified brand color.
2.6 REPORT COVERS

The below illustrates the template design for a Report Cover page to be used for internal documents.

**Specifications:**
- Vertical A4 trim size: 21cm x 29.7cm
- Vertical A3 trim size: 29.7cm x 42cm
- Horizontal A4 trim size: 29.7cm x 21cm
- Horizontal A3 trim size: 42cm x 29.7cm
2.7 FOLDERS

The below illustrates the template design for a Federal Authority folder to be used for placing A4 documents.

The Federal Authority’s brand elements or color can only take up 1/4 of the height of the folder cover.

Specifications:
A3: 22.2cm x 31cm (Front when folded)

Paper:
Fedrigoni, Constellation Snow, EE 33 Raster, 300g

Printing:
Pantone® Colors used on both sides
Brand elements are printed in Authority’s assigned Pantone® colors
Pantone® Gold PMS 8960 for Endorsement Line
Use Authority’s assigned Pantone® colors
**2.8 NOTEPADS**

The below illustrates the template design for a Notepad including the cover and inside perforated pages.

The Federal Authority’s brand elements or color can only take up 1/4 of the height of the notepad cover.

---

**Specifications:**

- **A5:** 14.8cm x 21cm

- **Paper:**
  - **Cover:** Fedrigoni, Constellation Snow, EE 33 Raster, 200g
  - **Inside pages:** Fedrigoni, Constellation Snow, EE 33 Raster, 130g

**Printing:**

- Pantone® Colors one side only
- Brand elements are printed in Authority’s assigned Pantone® colors
- Pantone® Gold PMS 8960 for Endorsement Line
- Use Authority’s assigned Pantone® colors
2.9 BAGS

The below illustrates the template design for a Federal Authority bag in two formats. The design will appear on both sides of the bag.

The Federal Authority’s brand elements can only take up 1/4 of the height of the bag.

**Layout elements:**
1. Social media icons use the Federal Authority's color palette.
2. Use Federal Authority's color palette on the inside of the bags.

**Specifications:**
- Vertical Size: 25cm x 35cm
- Horizontal Size: 45cm x 35cm
- Paper: Fedrigoni, Constellation Snow, EE 33 Raster, 300g
- Printing: Pantone® Colors one side only
  - Brand elements are printed in Authority’s assigned Pantone® colors
  - Use Authority’s assigned Pantone® colors

2.10 CD AND COVER

The below illustrates the template design for a CD cover and CD label to be used on Federal Authority files and labelled accordingly on the area specified.

The Federal Authority’s brand elements can only take up 1/4 of the height of the CD cover.

**Layout elements:**
1. Use Federal Authority’s color palette on the inside of the CD cover.
2. The CD label can be pre-printed on the disc or can be applied as a sticker. It should be printed in Pantone® colors one side only.

**Specifications:**
- Vertical: 13cm x 12.7cm
- Horizontal: 26cm x 15.7cm

**Paper:**
Fedrigoni, Constellation Snow, EE 33 Raster, 300g

**Printing:**
- Pantone® Colors one both sides
- Brand elements are printed in Authority’s assigned Pantone® colors
- Pantone® Gold PMS 8960 for Endorsement Line
- Use Authority’s assigned Pantone® colors
2.11 EMPLOYEE CARD AND NAME BADGE

The below illustrates the template design for an ID card for Federal Authority employees. The name badge to be given to employees to wear at work.

Specifications:
8.5cm x 5.4cm

Materials:
White polymer, white resin

Printing:
Pantone® Colors one side only
Brand elements are printed in Authority’s assigned Pantone® colors
Additional info printed internally
Pantone® Gold PMS 8960 for Endorsement Line
Use Authority’s assigned Pantone® colors
### 2.12 BRANDED ITEMS

3 PHOTOGRAPHY

3.1 Photography Principles
3.2 Photography Examples
3.1 PHOTOGRAPHY PRINCIPLES

The following principles should be considered by Federal Authorities when choosing or planning a photography shoot for images.

In the initial stages of photography, please always consider the following:

1. Is the photography intended for Federal corporate collateral or targeting customers?
2. What is the message that needs to be communicated? Is photography needed?
3. Does the photography convey this message appropriately and effectively according to the respective entity?
4. Is the chosen image appropriate for the job?
5. Is the subject matter culturally sensitive? Are people wearing respectable clothing and are Emiratis wearing the National dress code?

Corporate Portrait principles:
1. Photography has to convey authority, trust and strength.
2. Imagery should look authoritative by selecting photography that demonstrates an authoritative action.
3. Photography has to be highly representative of the UAE government, e.g. Reflecting the government values and culture

Customer Portrait positioning: The below principles help position the relevant government entity.
1. Photography has to convey warmth, diversity, and openness.
2. Subject matter should be a mix of generations and nationalities.
3. Photography has to be representative of the Authority

Note: Customer portrait positioning is mainly for campaign usage. These images are for reference only and not to be used in Federal adverts. Please ensure that you obtain the copyright for any images either purchased or photographed to be used in the Federal collaterals.
3.2 PHOTOGRAPHY EXAMPLES

General photography principles
1. When possible, hire a photographer
2. Avoid the use of stock photography when there is no budget allocated
3. Do not significantly alter the appearance of a photograph. If manipulating an image, only clean dust and blemishes
4. Do not overlay images to create certain effects
5. Never use black and white photography unless it is used for a special application, e.g. brochures, books, to illustrate a specific historic event
6. Avoid busy imagery
7. Use natural light when possible
8. If the use of flash is necessary for indoor shots, please make sure the flash is heavily diffused
9. Only use high-quality images

The rights to the images in this section belong to the Government Communication Office, General Secretariat of The Cabinet, Ministry of Cabinet Affairs.
SECTION B  FEDERAL AUTHORITIES

4  PUBLICATIONS

4.1  A4 Federal Brochure - Cover
4.2  A4 Federal Brochure - Spread
4.3  DL Federal Leaflet - Cover
4.4  DL Federal Leaflet - Spread
4.5  Book Design Cover and Spread
4.1 A4 FEDERAL BROCHURE – COVER

A design grid has been created to maintain a consistent visual identity within all Federal Authority brochures and collaterals.

The basic grid is based on a page size of A4, divided into an 10 x 8 grid, allowing flexibility for various designs and content layout for both Arabic and English. This A4 brochure can be scaled proportionately to achieve other formats such as A5.

The area above the top margin line is reserved only for the positioning of the Federal Authority logo and Emblem. The area below this can contain headings, subheadings, and images.

A margin of 1.2cm is maintained below the Federal Authority logo and text should not be allowed to go above this margin.

The Federal Authority’s brand elements can only take up 1/3 of the height of the brochure cover.

Grid:
Vertical: 10 x 8 with 0.4 cm gutters within 1.2cm margin.

Layout elements:
1. Federal Authority Logo - Always placed on the top left of the page, positioned 1.2cm from the left edge and 1.2cm from the top edge of the page. Logo size on cover pages should always be consistent.
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin.
3. Always leave the margin space height between the Federal Authority logo and Emblem, and the grid.
7. Federal Authority brand elements or color area
8. The left margin always extends from the left edge of the page to the start of the Federal Authority’s name at 4.0cm. This area should not be violated by other elements such as typography. Only photography, any brand elements or colors, and Federal Authority logo may occupy this space
9. Endorsement Line - Cronos Pro Bold 11pt, AXT Manal Bold 17pt

Paper:
Mohawk Navajo Brilliant White, 352 gsm
4.2 A4 FEDERAL BROCHURE – SPREAD

The illustrations demonstrate the inside layout with text and images of a brochure design, based on an A4 page and the grid structure created.

The grid is flexible and can be adapted to create 2 or 3 columns based on each Federal Authority brochure requirements.

Grid:
Vertical: 10 x 8 with 4 cm gutters within 1.2cm margin.

Layout elements:
2. Headline - Arabic: Univers Next Arabic, Regular 32pt size/42pt leading
   English: Univers Next, Regular 32pt size/42pt leading.
   English: Univers Next, Regular 14pt size/16pt leading.
   English: Cronos Pro, Regular 10pt size/12pt leading.
5. Use the grid to align imagery: In this case the photography takes the length of 4 cells.
4.3 DL FEDERAL LEAFLET – COVER

The illustrations below demonstrate a leaflet design based on a page size of 9.9 x 21.0cm (DL size), and follows similar principles to the brochure grid.

The Federal Authority’s brand elements can only take up 1/2 of the height of the leaflet cover.

**Grid:**
Vertical: 4 x 10 with 0.2 cm gutters within 0.6cm margin.

**Layout elements:**
1. Federal Authority Logo - Always placed on the top left of the page, positioned 0.6cm from the left edge and 0.6cm from the top edge of the page. Logo size on cover pages should always be consistent.
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin.
3. Always leave the margin space height between the Federal Authority logo and Emblem, and the grid.
   English: Univers Next, Regular 16pt size/22pt leading.
   English: Cronos Pro, Regular 11pt.
6. Federal Authority brand elements or color area.
7. The left margin always extends from the left edge of the page to the start of the Authority name at 2.2cm. This area should not be violated by other elements such as typography. Only the pattern, photography and Authority logo may occupy this space.

**Paper:**
Mohawk Navajo Brilliant White, 352 gsm
4.4 DL FEDERAL LEAFLET – SPREAD

The illustrations below demonstrate an inside layout design with the text and images. This grid follows the same structure as for the Brochure cover.

Grid:
Vertical: 4 x 10 with 0.2cm gutters within 0.6cm margin.

Layout elements:
1. Leave the top area above the grid empty.

Body copy should span the entire length of the modular grid for this small format but type can also span any amount of cells.
5. Federal Authority brand elements or color area, if sufficient space is available
6. Imagery can take up an entire page or span to the edge of the page.
4.5 BOOK DESIGN – COVER AND SPREAD

The illustrations below demonstrate the cover and layout for a book design, based on a page size of 23 x 31.7cm (slightly larger than A4).

The book size and design can vary according to each Authority requirement. Please ensure to maintain the grid structure created.

Grid:
Vertical: 8 x 10 with 0.4cm gutters within a 1.2cm margin.

Layout elements:
1. Cover
2. Federal Authority Logo - Always placed on the top left of the page, positioned 1.2cm from the left edge and 1.2cm from the top edge of the page. Logo size on cover pages should always be consistent.
3. Federal Emblem - Always placed on the top right of the page, aligned with the margin.
4. Always leave the margin space height between the Authority logo and grid.
8. Federal Authority brand elements or color area
9. The left margin always extends from the left edge of the page to the start of the Authority name at 2.2cm. This area should not be violated by other elements such as typography. Only the pattern, photography and Authority logo may occupy this space.
10. Endorsement Line - Cronos Pro Bold 11pt, AXT Manal Bold 17pt
11. Inside
16. Use the grid to align imagery in large areas of the layout.
SECTION B  FEDERAL AUTHORITIES

5  ADVERTISING

5.1 Advertising Principles
5.2 Advertising Anatomy - Arabic
5.3 Advertising Anatomy - English
5.4 Co-Branding Introduction
5.5 Co-Branding Elements
5.6 Authority with Multiple Ministries
5.7 Authority with Multiple Authorities
5.8 Authority with Multiple Ministries and Authorities
5.9 Text only adverts
5.1 ADVERTISING PRINCIPLES

Advertising activities are undertaken for a wide and diverse range of purposes. The following standards and principles should be observed by all authorities when planning, developing and managing advertising activities.

General Principles
1. Accuracy in the presentation of all facts, statistics, comparisons and other arguments, and ensuring that all statements and claims included in the advertisements have sufficient proof.
2. Advertising in an objective, fair and accessible manner.
3. Sensitivity to cultural needs and issues when communicating with people from diverse ethnic or religious backgrounds.
4. The maintenance of the highest standards of decency and good taste in the portrayal of gender and sexuality.
5. Awareness of the communication requirements for people with a disability.
6. Production and dissemination of communications through the most appropriate and environmentally responsible means taking into consideration the size and location of the target audience.
7. Providing the audience with convenient means of contacting the Ministries so that complaints, questions, comments or requests for further information may be dealt with promptly.

Recruitment advertising
This refers to all advertising that promotes specific job vacancies and employment opportunities within the entity.

Public Awareness Advertising
As appropriate, authorities may determine a need to undertake a series of coordinated communications to raise awareness of key issues or encourage behaviour change and participation. Key areas for government advertising activities include:

1. Safety and public health
2. Environment, water and energy
3. Promotion of government services and products
4. Tourism
5. Awareness of government initiatives and programs
6. Supporting sponsorship and events promotions

Note: Avoid advertisements for congratulations and condolences, unless clearly directed to do so by the UAE cabinet.

Public Notices
This refers to the advertisements that contain a clear, simple message or announcement and are generally one-off or short-term in nature. Examples include:

1. Advertisements that outline business opportunities with government.
2. Notices on public transport timetables and road closures.
3. Announcements of permanent or temporary changes to government services.
4. Advertisements on the availability of government funds, grants and awards programs.
5. Details about community consultations, public hearings, investigations, seminars, workshops and other government events.
6. Statutory/regulatory notices: Some entities are required by a legislation or regulation to publicly disclose certain information about their activities (e.g. legislative changes, environmental assessment or development notices). The information to be included in the advertisements as well as the publications to be used may also be determined by the relevant legislation or regulation.
7. Urgent public health or safety announcements.
5.2 ADVERTISING ANATOMY – ARABIC

The following diagrams demonstrate the general anatomy of advertising.

**Page Size:**
Vertical: Full-page or quarter-page  
Horizontal: Double-spread or half-page

**Grid:**
Vertical: 8 x 10 with 4mm gutters  
Horizontal: 10 x 8 with 4mm gutters

Further details on grids will be explained in the following pages.

**Layout elements:**
1. Federal Authority logo
2. Federal Emblem
3. General content area (Photography, quotes, short messaging, graphics) This area can be scaled to just above the authorities and social media icons
4. Headline area. This is flexible and can move across the grid
5. Body copy / content area
6. Federal Endorsement Line
7. Social media icons, account names and website URL for relevant Authority

---

**Vertical Format**

---

**Social Media & Website**

Social Media icons and website address placed always on the bottom left of page (for Arabic & English adverts)

---

**Horizontal Format**
5.3 ADVERTISING ANATOMY – ENGLISH

The following diagrams demonstrate the general anatomy of advertising.

Page Size:
Vertical: Full-page or quarter-page
Horizontal: Double-spread or half-page

Grid:
Vertical: 8 x 10 with 4mm gutters
Horizontal: 10 x 8 with 4mm gutters

Further details on grids will be explained in the following pages.

Layout elements:
1. Federal Authority logo
2. Federal Emblem
3. General content area (Photography, quotes, short messaging, graphics) This area can be scaled to just above the authorities and social media icons
4. Headline area. This is flexible and can move across the grid
5. Body copy / content area
7. Social media icons, account names and website URL for relevant Authority

Social Media & Website
Social Media icons and website address placed always on the bottom left of page (for Arabic & English adverts)
5.4 CO-BRANDING INTRODUCTION

The following diagrams demonstrate various types of co-branding scenario layouts within Federal Authority advertisements. The advertising template has been created to instruct the placement of core elements including the different co-branding layouts as illustrated.

Co-branding scenarios:
1. An Authority with supporting ministries advert will display one main Authority logo with supporting ministries appearing with their Ministry name only as text in the advert
2. Authority with multiple authorities
3. Authority with supporting ministries and authorities

Layout elements:

Authority with Multiple Ministries
1. Federal Authority Logo - Always placed on the top left of the page, aligned with the margin
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin
3. Supporting Ministry names appearing with their Ministry name only as text
4. Federal Endorsement Line, locked up with social media information

Authority with Multiple Authorities
1. Federal Authority Logo - Always placed on the top left of the page, aligned with the margin
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin
3. Supporting Authority logos to be placed on the footer of the Advert, towards the right of the format
4. Federal Endorsement Line, locked up with social media information
5. Descriptor for supporting authority, ministry, or entity

Authority with Multiple Ministries and Authorities
1. Federal Authority Logo - Always placed on the top left of the page, aligned with the margin
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin
3. Supporting Ministry names appearing with their Ministry name only as text
4. Supporting Authority logos to be placed on the footer of the Advert, towards the right of the format
5. Federal Endorsement Line, locked up with social media information
6. Descriptor for supporting authority, ministry, or entity
5.5 CO-BRANDING ELEMENTS

The following diagrams demonstrate the different elements within co-branded advertising. Due to the different co-branding scenarios, further instruction on particular elements is demonstrated below.

Multiple Ministries
For any supporting Ministry, only the Ministry name is used in the advert, used in the same typography as per its logo. This is supported by a descriptor on top (aligned as per the diagram shown) to indicate the type of co-branding support. Please be mindful of the clear space between the Federal Emblem and the ministry names, defined by 1/2X or half the proportional height of the Federal Authority icon.

Supporting Authorities
For a supporting authority, the authority logo is placed on the left corner of the advert with a supporter descriptor on top (aligned as per the diagram shown) to indicate the type of co-branding support. For multiple authorities, the different authority logos are placed and aligned at the bottom of the advert all in equal size.

Social media and government URLs
All elements relating to social media and government URLs appear in the Federal Authority’s brand color. The diagram shown here demonstrates the structure.

Supporting Descriptors
The following list shows the official descriptors that be used across various communications according to the type of support provided for that entity.
5.6 AUTHORITY WITH MULTIPLE MINISTRIES

The following below demonstrates an advert of an Authority with multiple Ministries. The Authority logo appears in the top left while the Federal Emblem and the supporting Ministries names appear on the top right.

Divide the supporting ministry names into two columns for multiple Ministry scenarios, and ensure not to exceed more than 4 lines per column.

1. Federal Authority Logo
2. Federal Emblem
3. The supporting ministries descriptor aligns to the base of the Federal Emblem
5.7 AUTHORITY WITH MULTIPLE AUTHORITIES

The following below demonstrates an authority advert with multiple authorities. Multiple supporting authorities need to be aligned and given equal weights to each other.

If sponsorship is categorized into different levels, ensure to organise the logos in the required hierarchy, and if needed stacked into multiple rows.

1. Federal Authority Logo
2. Federal Emblem
6. Supporting Authority descriptor
7. Multiple Authority logos align to the base of the layout within the margin with a 0.6cm space in between authority logos
8. Endorsement Line and Social Media - Authority account name & website: Cronos Pro Regular 11pt/12pt
5.8 AUTHORITY WITH SUPPORTING MINISTRIES AND AUTHORITIES

The following below demonstrates an authority advert with supporting ministries as well as supporting authorities. The leading Federal Authority logo appears at the top left while supporting ministries names are placed at the top right, along with the supporting authorities placed at the bottom right.

Divide the supporting ministry names into two columns for multiple ministries scenarios, ensuring not to exceed more than 4 lines per column.

Note: For Arabic adverts supporting authority logos appear to the bottom right.

1. Federal Authority Logo
2. Federal Emblem
6. Supporting Authority descriptor
7. Multiple Authority logos align to the base of the layout within the margin with a 0.6cm space in between authority logos
8. Endorsement Line and Social Media - Authority account name & website: Cronos Pro Regular 11pt/12pt
5.9 TEXT ONLY ADVERTS

The following below demonstrates a single authority advert when uses type only. Use the grid to organize information appropriately on the page. The grid is flexible and content can be divided into multiple columns.

Text only - Layout 1
In text-only layouts the typography may align to the edge of the authority logo type. The grid remains in the same place regardless of the fact that there is no imagery.

Text only - Layout 2 - Job Advert
This layout demonstrates a text only job advert. A chart has been designed using the main grid to organize the appropriate information. Notice how the chart extends to the margins as photography would.

Text only - Layout 3 - Tendering Announcement
For black and white adverts, the minimum advert size allowed is quarter-page (shown below).

Note: For black & white advertising pages, always use the single color outline black and white version of the authority logo, and do not include any imagery.
6 DIGITAL

6.1 E-mail Signatures
6.2 E-Newsletters
6.3 Website
6.4 Powerpoint Template
6.5 Desktop Wallpaper and Projector Display
6.6 Digital Banners
6.7 Social Media
6.8 Mobile App
6.1 E-MAIL SIGNATURE

The below are illustrations of how an email signature should appear within the email body.
Consistently using your email signature will visually convey the authority's standards in online communications, enhancing the reach and impact of your message.

Layout elements:
1. Email body copy - should always be in black, Arabic: Arial Regular 14pt/English: Arial Regular 12pt.
2. Federal Authority Logo.
3. Federal Emblem - should always be right justified as shown.
4. Endorsement Line - should always be in Gold
   Arabic can be in RGB brand color and English can be in RGB Black.
   Numbers: Arial Regular 10pt. Contact detail titles in both Arabic and English are in RGB brand color, while digits are always in Black.
   Numbers: Arial Regular 10pt. Contact detail titles in both Arabic and English are in RGB brand color, while digits are always in Black.
   Arabic can be in RGB brand color and English can be in RGB Black.
10. Arabic disclaimer - Arial Regular 10pt. E-mail address in English: Arial Regular 8pt. E-mail address will always be in English. Disclaimers can be in light Gray with important information highlighted in Red.
11. English disclaimer - Arial Regular 8pt. Disclaimers can be in light Gray with important information highlighted in Red.

Note: Email Signature - can be added as a JPG format, which can not be edited.
6.2 E-NEWSLETTERS

The below illustrations are examples of an electronic newsletter. Information is presented within a uniform layout, with the use of images and highlighted paragraphs to create a visual newsletter layout.

Layout elements:
1. Federal Authority Logo - Always placed on the top left of the page.
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin.
3. Social media icons use the Federal Authority’s color palette.
4. Federal Endorsement Line

Arabic

العديد من الأمثلة على رسائل البريد الإلكتروني. تقدم المعلومات ضمن تشكيلة موحدة، مع استخدام الأشكال وال الفقرات المظللة لخلق تشكيلة من محتوى النشرة الإلكترونية.

العناصر التصميمية:
1. شعار المؤسسة الفيدرالية - في ترتيب الأعلى على اليسار من الصفحة.
2. شعار المؤسسة الفيدرالية - في ترتيب الأعلى على اليمين من الصفحة، مرتبًا مع الحافة. 
3. رموز الشبكة الاجتماعية تستخدم تكوينات اللون لشعار المؤسسة الفيدرالية.
4. خط التمكيد الفيدرالي
6.3 WEBSITE

The below illustrations show an example of a homepage design incorporating the core elements and brand identity.

**Note:** The below design is simply a reference in terms of layout and elements to include on the homepage. Each Authority’s website should cater to its requirements in terms of the content displayed.

**Layout elements:**
1. Federal Authority Logo - Always placed on the top left of the page, positioned 1.2cm from the left edge and 1.2cm from the top edge of the page. Logo size on cover pages should always be consistent.
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin.
3. Search Bar
4. Menu Bar
5. Social Media icons - linked to the Authority’s existing social media platforms when clicked.
6. Federal Authority brand elements or color area.
7. Footer - headlined by the Endorsement Line, to include the sitemap link, terms & conditions and copyright text.
6.4 POWERPOINT TEMPLATE

The illustrations below demonstrate the use of Powerpoint presentations.

Note: Please avoid using low-quality images or inappropriate photos. Instead use info graphics as a means to explain your points in an interesting way. Try not to place too many words in a single slide; always keep it simple and use bullet points wherever necessary.
The below illustration is the digital wallpaper to be used on computers as the desktop background, in addition to the projector displays.
6.6 DIGITAL BANNERS

The illustrations below demonstrate the use of web banners to raise awareness of the Authority’s events and activities. Please make sure to adhere to the Federal Authority and Emblem guidelines.

**Layout elements:**
1. Federal Authority Logo - Always placed on the top left of the format
2. Federal Emblem - Always placed on the top right of the format
3. Endorsement Line, centered to the given space
4. Call to action or ‘button’ to ensure users know there is more information to engage with
6.7 SOCIAL MEDIA

Social networks are effective ways to communicate with our audience. On these platforms, we can engage users with useful real-time information. Be sure to use the approved logo formats for the displays and high quality appropriate images for posting.

Social media posts should be bilingual, with Arabic text before English.

Layout elements:
1. Federal Authority Logo - to be used as a profile picture
2. Endorsement Line, to be used within the profile picture, centered and visible across the format
3. Federal Authority brand elements or color area

Instagram
The profile image for the Authority’s Instagram page will utilize the icon of the Authority’s logo only due to the size restrictions that are mainly noticeable on the mobile App.

In writing, however, the full name of the Authority and the Endorsement must be present in both Arabic and English.

Always try to crop the photos to a square format for Instagram.
6.8 MOBILE APP

The below illustrations are examples of a Authority’s mobile application that can be downloaded from an App store. 

Note: This is the only time when the icon of the Authority’s logo will be used on its own due to the limited small space.
SECTION B  FEDERAL AUTHORITIES

7  SIGNAGE

7.1  External Building Branding
7.1 EXTERNAL BUILDING BRANDING

The illustration below exemplifies how the Federal Authority logo, Federal Emblem and Endorsement Line are paired to be placed on the external facade of a building.

**Primary Layout**
This layout for building signage will primarily be used on large buildings with light colored external facade. The signage should be installed high up and fit to the space to ensure maximum visibility.

*External Facade Elements: Federal Authority logo - Please respect the clear space rules of all logo.*

اسم الجهة
Entity Name

برنامج الشيخ زايد للإسكان
Sheikh Zayed Housing Programme
Placement
External ministry building facade:
To be placed central above the main entrance
To be suitably fixed directly to the wall surface

Please follow the below:
1. Do not divide the logo on the different facades.
2. Do not put the website URL on external facade.

Federal Authority Logo
Size dependant on location

Production Specifications
Federal Authority logo: Cast metal logo with painted finish

Illumination
Flood lit
8 MEDIA BRIEFING BRANDING

8.1 Podium and Backdrop Design
8.2 Event Collaterals
8.3 Roll-up Banners
8.1 PODIUM AND BACKDROP DESIGN

For a media briefing, the below elements are required in terms of branding on the stage during the event.

Podium Design
This is to be used during media briefing events. Only use the Federal Authority logo on the podium as there is insufficient space for the Federal Emblem and Endorsement Line.

Backdrop Design
The backdrop for media briefings and press conferences should always feature the vertical Authority logo (if applicable) and Federal Emblem.
The following illustrated below is an example of a media briefing against a backdrop design and a podium for the speaker, along with the flag position.
8.2 EVENT COLLATERALS

The following are a set of applications to be used in events. A press kit has been conceptualized for such events that utilize the Federal Authorities look and feel.

**Production specification:**
1. **ID pass:** Colored ribbon on white resin with Authority website
2. **Notebook:** Hard cover with Authority logo, Emblem and Endorsement Line
3. **Paper folder:** Card
4. **Pencil:** Authority logo only
5. **Pen:** Authority colors with logo

---

**ID Pass Front – Federal Authority Color**

**Notebook – Print and Embossed**

**Paper Folder – Cover**

**Paper Folder – Inside**

**Pencil**

**Pen**
8.3 ROLL-UP BANNERS

The below illustrates the template design for a Federal Authority roll-up banner to be used for exhibitions.

The roll-up banners allow the use of imagery or just text, depending on the objective of the exhibition.

The Federal Authority’s brand elements can only be placed in the area demonstrated below.

**Layout elements:**
1. Federal Authority Logo - Always placed on the top left of the page
2. Federal Emblem - Always placed on the top right of the page, aligned with the margin
3. Endorsement Line locked up with social media icons and web address. Social media icons use the Federal Authority’s color palette
4. Federal Authority brand elements or color area
9 UNIFORMS AND VEHICLES

9.1 Uniforms
9.2 Vehicles
9.1 UNIFORMS

The below illustration is an example of uniforms and name badges to be used in any Authority working environment.

**Note:** Employees are encouraged to wear respectable and conservative dress code at all times. Emiratis shall abide by wearing the national dress at official occasions. Women are encouraged not to overdress with accessories and make-up.

**Name Badge**

*Mariam Ahmed*

*Mohamad Sultan*

**Office Girl**

*Mariam*

**Office Boy**

*Ahmed*
9.2 VEHICLES

The authority logo should not be applied on any types of vehicles belonging to the entity.
10 REFERENCE
